

# Aggregates

## Aggregates

Our St Georges Down Golden Gravel is produced in a range of sizes from 6mm to 40mm.

Angular in shape, providing good drainage and interlocking qualities, the gravel complies with BS EN 13242.

All the aggregates we produce are land based and therefore suitable for horticultural applications.

We also supply:

- Building sand
- Gabion stone
- Type 1 sub base
- Granite chippings
- Limestone chippings
- Top soil
- Planings
- Crushed concrete
- Decorative aggregates
- Industrial aggregates
- Range of general fill materials

All products are available loose or in bulk and 25kg bags.
